Facebook and other sites?

These chapters may be free but they're very
dangerous. They can be controlled by
many anti-mangaka (bad) chapters.

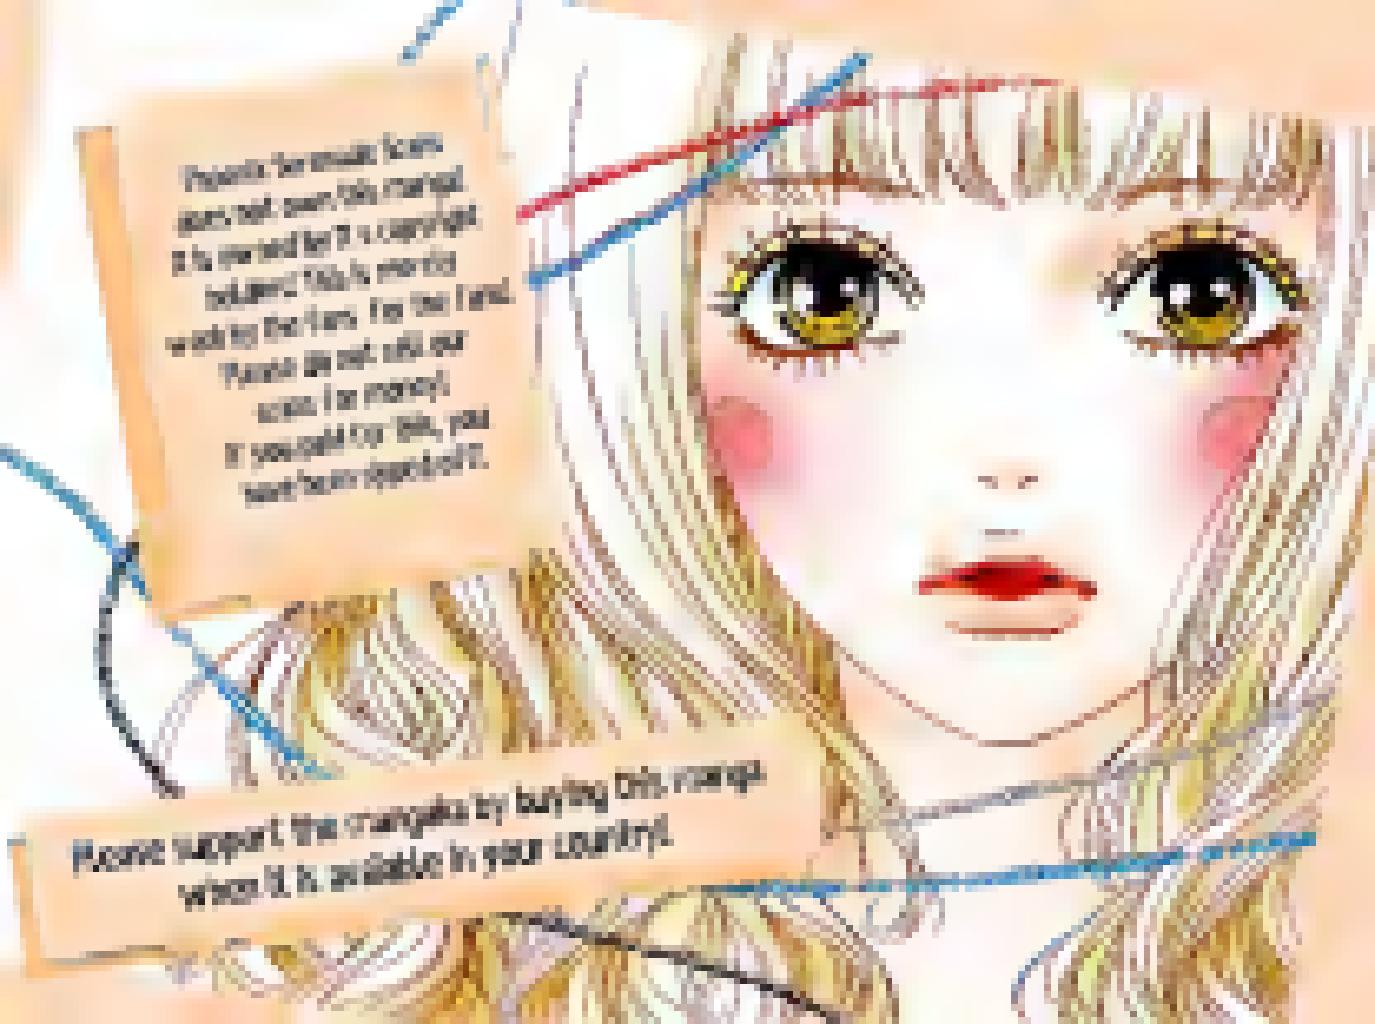

PROBLEMS?

These websites will be incomplete mangas chapters. They
are not free but are offered for free to very small. They will
not be complete mangas from hundreds of thousands of pages.
They will be chapters with all the text and from their own
work but from a website they are a link with the text.

Bad guys right? They don't respect the
writers' rights and the law. That's why I'm here.

Patients for change from
Asia, not survival marked.
It is needed before a diagnosis
is delayed. This is mainly
because the family
wishes the patient to be treated.
Patients are not given any
access to money.
If you take my side, you
won't have to go to court.
